

October at a Glance...

These are the curriculum areas we will be working on in October!

Language:

- Students will work on writing research in their own words.
- Students will generate, gather and organize ideas for personal writing tasks.
- Our first Writing Assignment will be due! - Biography of a Hero
- We will begin our read aloud of The Wild Robot.
- Students will practice reading strategies such as inferring and visualizing.
- Students will practice Reading is Thinking through responses to self selected reading opportunities.

Math:

- Algebra - use of variables to represent unknowns
- Data Management - collect, organize, display and analyze data

Science:

Biodiversity

- Students will continue learning to classify diverse organisms in various ecosystems and describe the relationships between species, and their environments.
- Students will develop an understanding of the benefits of biodiversity and issues related to biodiversity.

Gym:

- Students will practice movement skills and competencies, with a focus on soccer and a variety of games and challenges.

Art:

- Students will continue exploring the use of lines in various art forms and use lines to create a 3rd dimension in a piece of artwork.
