

December at a Glance...

These are the curriculum areas we will be working on in December!

Language:

- Students will continue to generate, gather and organize ideas for personal writing tasks
- Students will continue to use skills from their writer's tool box (adding detail, using figurative language, million dollar words, etc.) to improve their writing.
- Students will practice summarizing a variety of texts in the context of our health and social studies lessons

Math:

- Number Sense and Numeration - Multiplication and Division
- Number Sense and Numeration - Proportional Reasoning and Unit Rate
- Measurement - estimate, measure, and record quantities, using the metric measurement system
- Measurement - explore concepts of mass, volume and capacity

Social Studies:

Heritage and Identity: Communities in Canada, Past and Present

- Assess contributions to Canadian identity made by various groups and by various features of Canadian communities and regions
- Investigate different perspectives on the historical and/or contemporary experiences of two or more distinct communities in Canada

Gym:

- Students will practice movement skills and competencies, with a focus on volleyball and a variety of games and challenges.

Art:

- Students will be exploring the elements of art and will be creating a variety of pieces of artwork

Health:

Healthy Eating

- Influences on healthy eating, and eating cues and guidelines
